

9-2A-1: ESTABLISHED:

A. There is hereby established a subdivision endangered species impact fee of two hundred fifty dollars (\$250.00) per acre, payable with the issuance of a final plat approval. This fee shall apply to any new project being subdivided that has not previously received final plat approval.

B. There is further established an endangered species act impact fee of 0.2 percent of the total construction value of the permit, payable with the issuance of the permit on all new residential, commercial and industrial construction. This shall not apply to building permits for remodeling, additions of existing structures or outbuildings. (Ord. 547, 8-30-1993, eff. 10-1-1993)
